We've all seen pictures of our parents when they were young and we laugh every time we see them. What were they wearing? What were they thinking? They were just following the trends of their times, similar to the students featured on these pages. Some students unkowingly start trends by daring to be different while others follow trends to fit in. Whatever the reason, these students fit into the many trends found at Stoughton High School. Trends are multidimensional, including, but not limited to: clothing, piercings, tatoos, hair, and make-up.

"Those were the days..." A familiar phrase people use to refer back to their childhood memories. Remember the first time you attempted to ride a bike and your biggest accomplishment was riding from one end of the driveway to the other? Or the first time you went to school and you realized there were tons of other kids in the world who did *not* grow up in the same neighborhood as you? If someone asked you if would want to live as a kid again, the most popular answer would be, of course! Children live in their own creative worlds, ranging from green skies to blue grass, and believe that there was such a disease as "cooties." Memories become blurry as you age, however, when you come across a picture of you and your friends when you were young, it feels as if you experienced them yesterday. Try this: next summer when you go to the beach, don't lather yourself in tanning oil or play a volleyball game with your friends. Build a sand castle. Your young imagination and creativity will snap into gear. No matter how sloppy your castle is , you would ask your parents if you could take it home. It would look like the best masterpiece you've ever created. Truly, there is an inner child inside of everyone, including your parents.

The Good Ol' Days

The days may be gone, but the memories will last a lifetime!

STOUGHTON SCHOOL COMMITTEE

STOUGHTON, MASSACHUSETTS 02072

To the Class of 2003,

Congratulations, you have worked hard, played hard, and have strived towards your goals. You have grown as individuals both intellectually and morally; you have learned from your teachers as well as from your fellow students. Now as you prepare to leave Stoughton High School, look back on your high school days as a time of developing, understanding, and personal growth. Take what you have learned and continue to grow, as you will be facing more difficult and more challenging issues than you ever have before. The road to your success began with your years at Stoughton High School. As you continue on that road, look back with fondness and look ahead with determination.

Good luck,
Eric Milgroom
Chairman, Stoughton School Committee

DANIEL F. DAVIS, Ph.D.
PRINCIPAL

Dear Members of the Class of 2003:

This is my 30th and final year at Stoughton High School. Cliches aside, it does seem like yesterday that I first arrived, in July of 1973, to a very different high school. There were no personal computers, no cell phones, no cable television and no MTV. The only Mathers I knew was the star of *Leave It to Beaver*. The last combat troops were leaving Vietnam, Watergate was really heating up, and Congress had just passed the *War Powers Act* to restrict future presidents from waging war without the consent of Congress. Many of your parents were my students then, and may I add they were all good looking and brilliant and were only sent to the Principal's office for commendations.

It is my privilege to be graduating with the class of 2003. It has been a wonderful journey that you, and those students who preceded you, have made possible. I have said time and again that there is something unique about kids from Stoughton that transcends the decades. You have always been sturdy, smart, forthright, independent and rightfully proud of your roots. Don't ever lose those virtues. I will miss all of you more than you can imagine.

Best of luck in the future and warmest regards,

Daniel F. Davis

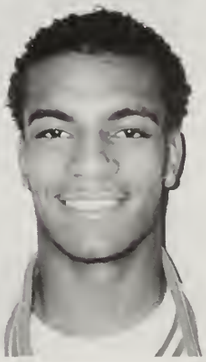
2 DA FAM LUV U ALL. UNCLE JOE & GRANDAMA THANX 4 UR SUPPORT LUV U. ALL MY BOYZ THE REAL WORLD IS WAITING SO LETS GET IT CUZ NEX YR SCHEMES R OFF THE CHARTS!



To the Parents: JUNE 5, 2003

Thank You for letting me share your children with you. These past thirty years at Stoughton High School have been the most productive and satisfying anyone could ever hope for.

To the Students:
You are the best bunch of kids in the world! Don't ever forget where you came from.

The Chinese philosopher, *Lao-tzu,* wrote one of my favorite poems over 2,500 years ago. It still rings true.

Everyone says that my way of life is the way of a simpleton.
Being largely the way of a simpleton is what makes it worthwhile...

The possessions of simpleton being the three I choose and cherish;
To care,
To be fair,
To be humble.
When a man cares he is unafraid,
When he is fair he leaves enough for others,
When he is humble he can grow.

Warmest Regards,
